LAND, STOCK AND CROP

Jesse Dillinger has sold his Boyle county farm of 120 acres to Mr. Shepherd, of Stearns, at \$90.

George Coffey has sold his farm of 50 acres near Bowens to George A. Walden, of Danville, at a satisfactory price.

Will English, of Paris, made the remarkable record of cutting 5,027 sticks of tobacco in 38 hours, for which he received \$50.27, or at the rate of \$1.32 per hour.

The "work or fight" order will be applied to women at Pine Bluff, Ark. Negro women there are refusing to perform any labor, living on allotments paid them through draft relatives, thereby causing a serious shortage of cotton pickers.

J. L. Hutchins bought of J. S. Tevis 60 cattle averaging 1,121 pounds, at 13½. He bought from Thursday until Saturday of last week six car-loads of cattle and hogs of various parties.

For the cattle he paid from 10 to 13½ and for the hogs 18½ to 19¢.

Josh Wilson had at Lancaster Monday a fine pair of three-year-old mare mules for which he had refused \$50. He asked \$60 but had not sold them at a late hour. Ed Scott, of the Goshen section, also had a high-class pair of three-year-old mare mules for which he refused some fancy prices.

Harry D. Fife has sold 700 bushels of the seed wheat advertised in the paper and says he wants his advertisement stopped. "Your paper sold all I can spare. I have had answers to the advertisement from many sections and I am convinced that the J. is a good advertising medium," he said to a representative at Lancaster court Monday. He received \$2.50 per bushel.

A BRILLIANT REMARK

"We are going to take Augustus Owlesley Stanley's hide and hang it to a pole." This ornate sentence is from that favorite of the republican party, Hon. Edwin P. Morrow, and when it was delivered to a Louisville audience, we are told that the applause that greeted it lasted fully three minutes, thereby indicating the character of the crowd that could so fully appreciate such brilliant and very coarse oratory. Mr. Morrow does not seem to learn by experience. He tried to hang that hide himself once and ingloriously failed, though he made a better showing than Bruner or any other republican will ever make again. Such a speech is not calculated to raise Mr. Morrow in the estimation of genteel people if it does create a furor with a certain class of republicans.

LOVES HER COWS AND CHICKENS AGAIN

"I have had stomach trouble for twenty years and for the past year have eaten nothing but stale bread and drank hot water. Was too weak to do any kind of work. Six weeks ago I took the first dose of May's Wonderful Remedy and am now doing all my housework besides looking after my chickens and milking two cows every day. Mine has been a wonderful recovery." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and relieves the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. The Lincoln Pharmacy; The Longs Drug Store.

UNCLE SAM'S TROPHY TRAIN

Uncle Sam's Trophy Train with its exhibit of equipment, guns, etc., will arrive at the Stanford depot at 2 o'clock this Friday afternoon, Oct. 3rd, and will remain here until 3:30, an hour and forty minutes. The train is under the auspices of the Fourth Liberty Loan and some of the speakers accompanying it will give interesting talks concerning the great loan, the war and the progress that it is being made in the fight for democracy, etc. A number of Uncle Sam's soldiers go with the train and they tell of the exhibits carried, many of which were captured from the huns. It is all free and you are cordially invited to see the exhibits and hear the speeches. Remember the date—Thursday week, Oct. 3rd.

Chamberlain's Cough Remedy

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good effects have become known. Many mothers have given it their infants and young children. Win Sculley, Childs' M. D., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and fevers. It is pleasant to take, tastes good and children like it. My wife and I always feel safe from croup with it in the house." Chamberlain's Cough Remedy can be had from your druggist or other mercantile.

REMEMBER ED PEYTON'S SALE

Remember the big announcement of Ed Peyton's sale of an excellent home & lot of stock, cattle, farm equipment, etc., which will be for sale here in this paper. The sale will be prompt at 10:30 tomorrow, Wednesday morning, and the splendid farm of 90 acres will be for offer. Be at it and not leave the door of the barns that will be disposed of.

COLD SEPTEMBER

The weather for the last several days has been the coldest for September in years. Lots of frost and some ice was seen Sunday morning. The frost greatly delayed green tobacco and corn on lowlands, but did not hurt it in other places.

CALORIC FURNACE DEMONSTRATION

An expert representing the Caloric furnace—the furnace without a pipe—will give demonstrations of that wonderful invention at W. H. Higgins' store tomorrow, Wednesday. Be sure to call and see it.

SHERIFF AT HUSTONVILLE

Sheriff H. C. Baughman will be at Hustonville Saturday next, Sept. 28th, to collect taxes. He desires that the taxpayers of that section be on hand prepared to settle.

There will be a meeting of the various singers of the city at the Christian church Thursday night, 26th, at 7:30 for the purpose of learning new songs for the Fourth Liberty Loan Drive. All of those who can sing are urged to be present and help in the good work.

Dr. Edward Alcorn announces the marriage of his daughter, Miss Ada Givens Alcorn to Mr. Alexander Edwin Hubbell. The wedding took place at the home of the bride's brother and sister, Mr. Thomas Hill Spaulding and Mrs. Spaulding, of Lexington, Saturday afternoon, Sept. 28th. The ceremony was performed by the Rev. Alfred Alcorn Higgins, of Louisville, and the only attendant was little Miss Ann Catherine Spaulding, the niece of the bride. Mrs. Hubbell is a member of a widely-known Lincoln county family and is loved and admired by a large circle of friends. Mr. Hubbell is a prominent business man of Bay City, Mich. He was accompanied to Kentucky by his brother and sister-in-law, Mr. Emery Hubbell and Mrs. Hubbell, of Saginaw, Mich., and his sister, Miss Janet Hubbell, of Milford, Mich. Immediately after the ceremony which was witnessed by the close relatives of Mr. and Mrs. Hubbell, they left for a month's visit to various eastern cities. After October 20th they will be at home in Bay City.

Mr. and Mrs. Hubbell are to be married.

PLEASE SETTLE NOW

There are on the books left by my husband, George B. Cooper, a lot of small accounts, which I would very greatly appreciate if those who owe them would pay. It is impossible for me to see those indebted and as I have no one to collect them for me, I will be compelled to place them in a lawyer's hands for collection if they are not paid right away. I dislike to

do this, but will be compelled to if they are not paid within the next ten days or two weeks. Mrs. G. B. Cooper, executrix George B. Cooper, deceased.

Ed Perkins, of Garrard, sold to McGregor, of Fayette, a mare mule colt for \$100. John Oaks sold him one for \$90 and he bought eight or ten others at \$70 to \$85.

DEMOCRACY GLORIOUSLY REUNITED

That was a grand and glorious occasion for a reunited Democracy when Senator Heckham and Gov. Stanley spoke from the same platform in the capitol of the fine old county of Graves to an audience which far out-reached the sound of their voices. It was a real love feast and when the senior Senator said that old animosities had been healed and plead for the election of Gov. Stanley to the United States Senate, the applause could almost be heard over the Tennessee line. The senator's speech was worthy of him and the splendid occasion. He told of the great work being done at Washington and of the necessity of sending a successor to the lamented James who will stand by the President and give him the aid so important in his effort to make the world fit to live in. The senator raised himself in the estimation of every loyal democrat and brought friend and foe in happy reunion. He read a letter from President Wilson expressing the importance of electing a man in Senator James' place, who would carry on the splendid work he was doing, and upon whom he could always rely for sympathy and support. This letter will have a telling effect and will remove all fears that the doubting Thomases may have felt as to the triumphant election of the man, so fitted by capacity and experience, to give the President the most effective support in the greatest task that ever befell a man.

When Gov. Stanley arose to speak, the deafening applause and cheers that greeted him showed that the senator's appeal had fallen on willing ears and that the governor is the pride of the unconquerable democracy of the "Pennyville." The greeting spurred him to his best effort and his burning words sent determination and conviction to the minds of his magnificent audience. He very ably answered the so-called arguments of his republican opponent and his "me too's" as to his veto of the bill to prohibit the teaching of German in our tax supported schools. He said he did it because it was right and because he had conferred with the authorities at Washington, who agreed that now more than ever we should know the German language to follow up the economic evolution and development of the German nation and watch the manifestations of her activities. We are fighting the Germans, not their language, which is being taught in the schools of France, Italy and England.

He answered the charges of Dr. Bruner so as to make a monkey of that clever but misguided gentleman and said that the record would show that he had pardoned more of the doctor's political friends than he had of democrats and defied the intimation that he had used the pardoning power for political purposes. He urged his hearers to forget everything but the duty they now owe to the great man at Washington by backing him up with supporters that can always be depended upon. The governor was in fine fettle and never spoke more eloquently or convincingly. Both speeches are published in the Louisville democratic papers in full and must be read to be thoroughly appreciated.

There is nothing now so certain in the future as that Gov. Stanley will be elected and if every democrat will do his duty, by such a majority as will show how solidly Kentuckians approve of the war principles of the President.

"Although weather conditions were extremely disagreeable here, fully 200 persons came to hear the republican candidate for U. S. Senator," says the special correspondent sent to Stanford by the Louisville Herald to report Dr. Ben L. Bruner's speech. If what he said about the weather is true, we presume his claim on the at-

REMINGTON UMC

Wetproof Steel Lined Shot Shells

MAKE your showery hunting days this Fall the good days for ducks they really
ought to be, with the right shot shells—Remington UMC Smokeless "Arrow" or
"Nitro Club" Wetproof Steel Lined "Speed Shells." No matter how much water may
get to them, they will actually stay just as dry and serviceable as your Remington
UMC Pump Gun or Autoloading Shotgun.

Those finest of shoal-water fowl, the big
mallards—which you can seldom get within
gunshot of when it is calm and fair—
are then not so quick to take wing. But
your shells must be right. Hunting has no
worse luck than a water-soaked shell that has swelled
and sticks in the gun at a critical moment—to say
nothing of a "miss" caused by wilting of the turned-
over end of the shell.

Remington UMC Smokeless "Arrow" and "Nitro Club"
Wetproof Steel Lined "Speed Shells" are made water-
proof by a wonderful process, invented for them and used
exclusively in their manufacture.

It took three years to perfect this process. The result
is a shell that will work and shoot right throughout an
all-day downpour—keeps hard and smooth
with no softening of the turned-over end
or bulging of the top wad in the wettest
coat pocket.

You buy the same favorite brand, at the
regular price, and get the Wetproof improvement without
cost. The first completely waterproof shotshell, at
the same time having the uniform superiority of speed,
pattern and penetration for which
Remington UMC "Arrow" and
"Nitro Club" Steel Lined "Speed
Shells" are famous.

In black powder, buy the old reliable
"New Club," now Wetproof sealed
at turnover and top wad.
